

Bitty Birdie Buddies

These would brighten anybody's day.

WWW.IMSUPERBORED.COM

What you will need

- 1 inch tinsel pom pom
- 1/2 inch tinsel pom pom
- White Glue (I use Aleen's Fast Grab Tacky Glue)
- Small googly eyes
- Orange fun foam
- Scissors
- 5/8 inch disk magnets

Instructions

Cut out the pattern below to make the birdie beaks and feet. Use the tip of the scissors to cut them out. Use the Fast Grab Tacky glue to put your birdies together. This glue makes putting projects together easier, especially for children.

- Glue the feet to the 1 inch pom pom.
- Glue the beak to the top of the 1 inch pom pom, just slightly foreword on the 1 inch body.
- Glue the 1/2 inch pom pom on top of the beak.
- Glue on the two small eyes.
- Glue attach disk magnet to the birdie back.
- Lay the birdie down on it's back and let dry.

Land your Bitty Birdie Buddies on the fridge.

They also make cheerful gifts.
