

Clay Pot Spider

What a fun little Halloween decoration.

What you will need

- 1 1/2 in standard clay pot
- 1 inch wooden head
- 2 -12 inch black pipe cleaners (standard length)
- 2 small goggle eyes
- Black paint
- 1 inch Paint brush or foam brush
- Glue gun and glue stick
- Parent help with glue gun
- White glue
- Paint shirt
- News paper or plastic

Instructions

Heat and use the glue gun to attach the wooden head to the inverted small clay pot. Paint the whole body and head black and let dry. Use white glue to put on googly eyes. Cut the black pipe cleaner in half (6 inch lengths) and twist them together at the middle. Fan the pipe cleaner legs out and give each leg a bend, as illustrated in the picture. Use the glue gun to attach the legs to the back center of the clay pot body more towards the top.

Make just one or make a few.
